Rome, Palazzo delle Esposizioni, 6-9 September 2017

CONTEXT and AIM

The Kreyon Conference on "Unfolding the dynamics of creativity and innovation conference" will be held in Rome from 6th to 9th of September 2017 at Palazzo delle Esposizioni (<http://english.palazzoesposizioni.it/Home.aspx>).

The aim of the conference is to gather scientists from many different disciplines (physics, mathematics, computer science, biology, social and cognitive sciences, arts, creativity and innovate both at the individual and collective levels.

Messaggistica

The conference will feature three days of scientific talks covering topics of creativity and innovation, while on Saturday the 9th plain conferences and discussions will engage a broad audience on the "Complexity of the future". The conference will also feature a set of interactive installations and ateliers aimed at engaging participants in "creative" activities.

The Kreyon conference is sponsored by the John Templeton Foundation and organized by Sapienza University in collaboration with ISI Foundation and Complexity Science Hub Vienna.

CALL for ABSTRACTS

Applications for short presentations should be done through <http://kreyon.net/kreyonConference/index.php/call-for-abstracts/> no later than June the 20th, 2017. Notification of acceptance will be sent by June the 30th 2017.

Messaggistica

Contributions for short talks and posters are welcome covering the themes of the conference from the perspective of many different disciplines (physics, mathematics, computer science, biology, social and cognitive sciences, arts, economics, business). Proposals for interactive installations will also be considered.

If you have questions or enquiries please write to kreyonproject@gmail.com.

INVITED SPEAKERS
